

**Represent each equation with numbers and symbols.****Answers**

- 1) nineteen plus one equals twenty
- 2) nineteen minus seventeen equals two
- 3) thirteen plus seven equals twenty
- 4) twenty plus zero equals twenty
- 5) seventeen minus seventeen equals zero
- 6) eleven plus six equals seventeen
- 7) fifteen minus twelve equals three
- 8) twenty minus seventeen equals three
- 9) six plus six equals twelve
- 10) seventeen minus fourteen equals three
- 11) seven plus six equals thirteen
- 12) nine plus nine equals eighteen
- 13) fifteen minus nine equals six
- 14) twelve plus six equals eighteen
- 15) thirteen plus five equals eighteen
- 16) fourteen minus thirteen equals one
- 17) seventeen minus nine equals eight
- 18) fifteen minus fifteen equals zero
- 19) thirteen plus two equals fifteen
- 20) seventeen minus sixteen equals one

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____

Represent each equation with numbers and symbols.

- 1) nineteen plus one equals twenty
- 2) nineteen minus seventeen equals two
- 3) thirteen plus seven equals twenty
- 4) twenty plus zero equals twenty
- 5) seventeen minus seventeen equals zero
- 6) eleven plus six equals seventeen
- 7) fifteen minus twelve equals three
- 8) twenty minus seventeen equals three
- 9) six plus six equals twelve
- 10) seventeen minus fourteen equals three
- 11) seven plus six equals thirteen
- 12) nine plus nine equals eighteen
- 13) fifteen minus nine equals six
- 14) twelve plus six equals eighteen
- 15) thirteen plus five equals eighteen
- 16) fourteen minus thirteen equals one
- 17) seventeen minus nine equals eight
- 18) fifteen minus fifteen equals zero
- 19) thirteen plus two equals fifteen
- 20) seventeen minus sixteen equals one

Answers

1. $19 + 1 = 20$
2. $19 - 17 = 2$
3. $13 + 7 = 20$
4. $20 + 0 = 20$
5. $17 - 17 = 0$
6. $11 + 6 = 17$
7. $15 - 12 = 3$
8. $20 - 17 = 3$
9. $6 + 6 = 12$
10. $17 - 14 = 3$
11. $7 + 6 = 13$
12. $9 + 9 = 18$
13. $15 - 9 = 6$
14. $12 + 6 = 18$
15. $13 + 5 = 18$
16. $14 - 13 = 1$
17. $17 - 9 = 8$
18. $15 - 15 = 0$
19. $13 + 2 = 15$
20. $17 - 16 = 1$
